## Happy Holidays!

We spent many happy afternoons with a coloring book and giant box of crayons when we were kids. Those memories inspired us to create coloring pages for you to download, print and enjoy!

- Download & save this file to your computer. (Snowflakes2014.pdf)
- Print out on plain paper, thick paper works best. Print a few for family & friends to color with you.
- Color with crayons, color pencils or markers.
- Your finished page will fit in a 5”x7” matt or frame. Write a note on the back & send seasons greetings to family & friends.
